It was learned that he had no special mission in the city of Chicago, save only to be with a few of his friends and to spend the time quietly. He was enroute North, where he had several engagements to speak. He was accompanied by his son David.

Mr. Washington, it is said, talked most freely about the National Negro Business men's League. He said that he was greatly interested in the coming meting, and that he was desirous of it being the greatest in the history of the league.

He stopped in E. H. Faulkner's news stand Monday and bought a Southern Workman, The Freman and several other papers. Mr. news agency of Mr. Faulkner and wished his success. Mr. Washington also spoke optimistically in favor of the Negro Exposition in 1913, but said nothing of the location nor who would be on the committee. Nothing was given out of a political nature.

"Poney" Moore, one of the most widely known sporting men in the city of Chicago, since last Saturday he was stricken with paralysis. He suffered the stroke at his home on Calumet avenue.

It came as a shock to the many friends of Mr. Moore. He has been in the best of health, and for the physicians to give out the statement that he can't live is a greater shock to the sporting fraternity.

"Poney" Moore came to the city of Cihcago about twenty-five years ago. He was at that time a local sporting man, but finally got in the game big. He ran a saloon in the "Red Light District," and made good about the time that the "lid was lifted."

The Turf saloon, one of the most famous saloons in the city and country, was owned by "Poney" Moore, and this was the place where he reaped his harvest. He amassed, it is said, a fortune, and he leased property at Twenty-first and State streets and fited it out lavishly for a hotel. He earned a large sum from this place and ran it for a long time, but was finally closed by Mayor Dunne on account of politics.

He then opened a place at 41 Thirty-first street, known as the Palace, and has been running it in connection with a saloon, since that time.

Mr. Moore has saved his money. It is said he is one of Chicago's most wealthy colored citizens. He lives in a handsome home on Calmut avenue, one of the most select strets in the city on the East side.

Mr. Moore still continues ill at this writing and the physicians claim that it will only be a short matter of time before the end will come.

Confidence in the management of the Binga Bank is causingg a large number of people of the city of Chicago to place their savings in that institution. A bank is indispensable to commercial success. Colored business men are going right up the ladder along business and commercial lines. Occasionally we hear the knocker, but them we have with us all the time. This success is due to Negroes patronizing one another and putting confidence in each other's ability and honesty. Several enterprises that have impressed us since our stay in the city of Chicago will impress anybody that is not skeptical and morbid in their nature and seduced in their passion and prejudice. We are not reckless in our writing when we name the Binga Bank, Motts Theatre and the Eighth Regiment as three institutions that stand out as a credit to the Negroes of Chicago. All successful men are pursued by carping critics. This is natural but it does not keep this class of men from moving forward and onward in the march of human affairs.

There are hundreds and hundreds of individuals in the city of Chicago we have not met, that are not only a credit to themselves, but to the race. As the days pass on, we hope to give a pen picture of these enterprising citizens. We will not go into the sewers to get such matter, but will be contented to keep up with all the people that are "doing things" worthy of emulation and respect. We shall keep with all the people, the humblest as well as the upper crust. To give the news, to encourage the colored people in the business enterprises and other organizations, to be of service with the printer's ink, will be the mission of the Freeman correspondent.

PROF. SAMUELS ORIGINATES PECULIAR METHOD OF TREATMENT

His Phenomenal Success Causes Enmity of Doctors

ARRESTED MANY TIMES.

BUT ACQUITTED BY JURIES AND JUDGES AND PERMITTED TO CONTINUE IN A WORK THAT HE ALONE CAN DO, AS HE IS THE ONLY MAN IN THE WORLD USING HIS SYSTEM—PATIENTS MAKE STARTLING STATEMENTS OF HIS SUCCESSFUL METHOD OF TREATING CONSUMPTION, BRIGHT'S DISEASE, KIDNEY TROUBLE, BLINDNESS, FITS, CATARRH, HEART DISEASE, CATARACTS, NERVOUS PROSTRATION, DROPSY, HAY FEVER AND MANY OTHER DISEASES THAT BAFFLE THE SKILL OF THE ORDINARY PHYSICIAN.

WICHITA, Kas.—The almost miraculous cure of hopeless invalids made by Professor Samuels of Wichita, Kas., have been of such a startling character that they have aroused widespread wonder, admiration and curiosity. Time and again he has taken cases pronounced hopelessly incurable by the medical profession and restored the patients to health in a most phenomenal manner.

There is considerable mystery attached to Professor Samuels' method of accomplishing these marvels, and it is known that he does not use the drastic drugs and medicines that doctors depend upon. And it is a matter of proof that with the system this discovery gives him, he has made the blind see and the lame walk. He has revived the flickering spark of life in bodies on the very verge of the grave, and restored to health men and women given up to die by doctors and specialists.

Professor Samuels came into note several years ago by his almost miraculous cure of "Blind Joe" of Topeka, Kas., who was well known in that city, having sold peanuts and popcorn on the streets there for years. He had been blind for ten years and had exhausted all the means in his power to be cured, but had given up in despair until he fell into the hands of Professor Samuels, who effected a cure.

Professor Samuels has been arrested many times for practicing his system without having a diploma. On being interviewed a few days ago relative to his many arrests, Professor Samuels said:

"Yes, I have been arrested many times for practicing without a license, but in no case have I been convicted. Naturally, the medical profession are jealous of my success, and are fighting me most of the time, but how are they going to convict me? Do you suppose any jury, when my patients come into court, as they did at Alva, Okla.; Newkirk, Okla.; Ponca City, Okla., and other towns, and tell how they have been cured of all manner of trouble, do you suppose for a minute that any jury hearing these people and seeing with their own eyes what has been accomplished, is going to convict me? My trial at Alva was before a very able judge, Jesse J. Dunn, who is now chief justice of the State of Oklahoma. After hearing the evidence for and against me I was acquitted. At Newkirk I was tried before Judge Hausley, a very able judge. Judge Brown, a noted lawyer, was the prosecuting attorney, and fought the case very hard, but I was acquitted. These persecutions were brought because I have no license. Being the originator and only practitioner of my system of healing, how am I to have a diploma? I can't issue it to myself, and the medical fraternity, trotting along in the same harness for half a century, too blind to accept my discovery, which accomplishes actual results, make it impossible for me to procure a license as a representative of any of the recognized schools. So what am I to do but to proceed in my own way and accomplish results that astound humanity?

The professor here showed a reprint from the court records, showing the proof of his assertions that the court had not convicted him.

Professor Samuels is a remarkable man. Bright, alert, progressive and, although 60, he is straight and active and gives one the impression that he is much younger. He talks with such an earnest conviction and enthusiasm of his work that the listener must believe him and believe in his work.

"What is the nature of your treatment?" was the next question.

"That is a secret that has taken many years of my life to accomplish. I can only say that my results are obtained treating diseases by dropping a colorless liquid, which I prepare, into the eye. Strange as it may seem, so-called incurable cases of consumption, Bright's disease, dropsy, epileptic fits, nervous prostration, are treated in this apparently miraculous way. My system is based absolutely on scientific principles. The eye is the window of the soul. I have evolved a system of treating other bodily ills based on the relation of the eye to the system as a whole. This may seem strange, but here are the proofs."

Thereupon the professor placed before his interviewer his "Message of Facts," affidavits and letters in great numbers, many of them from responsible and well-known people, all bearing on his statements.

This proved that Mr. Frank Hoff, now in business at 249 North Main street, Wichita, Kas., had been given up to die of consumption. He had been treated by the greatest specialist in Brooklyn, N. Y. It was some seven years ago, and when he had tried everything else without avail, that he came to Professor Samuels and was cured. He is a large, strong man and weighs 240 pounds now, and when called upon by the interviewer, stated that he owed his life to Professor Samuels.

Mrs. Minnie B. Tarver, living at Hesterville, Miss., had what was pronounced to be a very bad case of tuberculosis. A large number of her family had died from the same disease, among them her mother, two sisters, one brother and one brother-in-law. She had practically given up hopes when hearing of Professor Samuels and began taking his treatment. She was having fever, a cough and night sweats, and now and then a hemorrhage. She weighed only 120 pounds. After beginning treatment, she noticed an improvement the very first day. She gained in weight until she weighed 150 pounds, her usual weight.

Mr. I. W. Shufelberger, living seven miles northeast of Wichita, was almost blind and deaf, was led by his daughter to the office of Professor Samuels, and was suffering a great deal of pain from his eyes. Professor Samuels restored his eyesight after three weeks' treatment. He goes everywhere unattended and transacts his business and writes almost as well as he ever did in his life. After being entirely deaf in one ear for twenty years he can hear the tick of a watch.

Miss Ida Garrison, who resides at 963 Roberts avenue, Wichita, Kas., was said to be very low with consumption by leading physicians. She tried all sorts of climates and very best doctors on lung trouble and was pronounced incurable by all. Miss Garrison took my treatment about seven years ago and she treated about nine months and is still in good health.

Mr. W. E. miley, of Fairview, Dane county, Oklahoma, had doctored for years for rheumatism, but without avail. Mr. Smiley could not even stand straight, could not straighten his hands or raise his arms. He had to be fed and dressed. Mr. Smiley placed himself in the hands of Professor Samuels and within thirty days his hands began to limber up, and within three months he was in such a condition that he was able to work on his farm. The people of his home town think that a miracle has been performed on Mr. Smiley, but his cure is simply due to Professor Samuels' secret treatment through the eye.

Mr. P. R. Robey, who resides at 309 North Walnut street, Wichita, Kas., brought his mother, Mrs. P. Spidal, to Wichita to be treated by Professor Samuels. She was unable to move hand or foot; she was even unable to speak. Her case was paralysis. Physicians had given her up and considered her case hopeless. She was taken in an ambulance to the home of her daughter. After using Professor Samuels' treatment a few months she was restored to health.

Mr. Harry Evans, a wholesale lumberman, located at 307 Winne building, Wichita, Kas., had what the best physicians called Bright's disease. The doctors could not give him any hope and he continued to get worse. He was also losing his eyesight from what was said to be paralysis of the optic nerve. He took treatment from Professor Samuels and began to improve from the very start. His eyesight came back, and all symptoms of Bright's disease left. After taking Professor Samuels' treatment he was examined by leading physicians, and they stated he had not the slightest trace of Bright's disease.

Mr. Evans is known all over the country, a leading business man, whose word can be relied upon, and he would be glad to write or tell anyone of his experience with Professor Samuels.

The young son of W. W. Lyon, located at Augusta, Kas., had been suffering for a long time with a severe case of asthma. He was treated by Professor Samuels, and is now in good health. In a recent letter Mr. Lyon writes: "It was the best investment I ever made."

Mary A. Stout, who lives at Burlington, Kas., had what was pronounced to be a bad case of diabetes. This disease is pronounced incurable by regular practitioners. This case was treated by Professor Samuels. In a recent letter to Professor Samuels, she writes: "I feel well, and have no marks of diabetes. May God's richest blessing ever be with you."

"Is it necessary for your patients to come to see you to be treated?" was asked. "No, my treatment can be sent by mail. Many of my patients come to see me, but it is not always necessary. My treatment is sent to hundreds, and, in fact, I am as successful in treating that way as though the patients were right here. To people from a distance who write me, an information blank is sent to fill out. In this way I am enabled to send them the treatment with full directions for its use."

"I should think with your ability to cure you would be in a position to demand big money from your patients," remarked the interviewer. "No, I do not do that now. My charges, when the patients used to call on me in person used to be pretty high. I am getting old, and I feel that it is my duty in my last years to place my treatment in the hands of the poor as well as the rich. I believe that I owe a duty to mankind, and that as many people as possible, no matter what race or nationality, nor where located, should be benefited by my life's work. On this account I have reduced my charges so they are within reach of all.

"My greatest aim in life from now on will be to relieve the ills of humanity, and when death shall claim me, I have arranged so that my secret will not die with me, but will be known, so that men in all ages to come will reap the reward of my life's work."

Everyone who is sick, no matter what their troubles may be, should write Professor Samuels, room 152, Samuels Bldg., Wichita, Kas., for his "Message of Facts," and they will find something in it of interest to them.

If you die in the National Order of the

Mosaic Templars of America.

Just think of it! Before you can pay into the Order as much as you will draw out, you will have been a member one hundred years. What chance have you to lose? There is no investment on earth into which you can place your money and get a guarantee that your heirs will receive at your death

THREE HUNDRED DOLLARS, IF YOU PAY THREE DOLLARS PER YEAR DURING YOUR LIFE

You are duty bound to leave those who depend upon you, something, when your eyes are closed in death, and we know of nothing better to recommend to you than the great National Order of the Mosaic Templars of America, which will pay you Three Hundred Dollars for Three.

A PURELY NEGRO ORGANIZATION

This Order was organized in 1882 by Negroes, and its founders take pride in heralding the fact that not one line of its secret works, written or unwritten, were stolen from any white man's order; but is wholly the prouct of Negro brains. It not only admonishes the Negro to prepare to die, but is emphatic in teaching him how to live and improve his condition in this life by self-help, thrift, industry and living up to the true principles of honesty.

BLAZED A WAY WHICH OTHERS ARE FOLLOWING—NEW IDEAS

Thousands of men and women have remained out of Fraternal Orders because they objected to the time-worn custom of marching under flying banners and streaming Regalia, also the practice of doing naught but looking after the sick and burying the dead. The Mosaic Templars of America adopted a simple badge (2x6 inches) as its regalia, and was the first Fraternal institution in the United States to introduce the Endowment feature. It has been adopted by all of the leading Fraternal Orders in the world.

OUR FINANCIAL CONDITION IS OUR BED-ROCK OF STRENGTH—DON'T OWE A DOLLAR

By careful and conservative business methods we place our financial condition where it cannot be shaken. Through our Endowment Department we have paid out to widows and orphans nearly a half-million dollars. All of our claims are paid to date, and we pay them as soon as they are filed in this office—there is no delaying or waiting, for we have got the money. We never allow our reserve fund to fall below 1 per cent. of the value of policies in force. Insurance Experts have figured this out as a safe margin, and we strictly adhere to it.

BIG MONEY FOR WIDE-AWAKE DEPUTIES—WRITE FOR INSTRUCTIONS

Deputies can reap a rich harvest setting up Mosaic Lodges. For instance, a Deputy sets up a Lodge of thirty members at $3.50 each; that is $105.00. His Charter will cost him $15.00 and the Policy for each member 75c, which would amount to $22.50, leaving the Deputy a clear profit of $67.50 on one Lodge. A Deputy of ordinary ability should set up two Lodges per month; a wide-awake hustling Deputy should set up four or five. If you are not a member of the Mosaic Templars of America, join at once. If there is not a Lodge in your community, write to headquarters and we will send somebody to organize one. We have 25,000 members scattered over the United States. Women enjoy the same rights, benefits and privileges as the men. We are helping these thousands and will help you if you will only embrace the opportunity that we are holding forth.

NOTES ON RACIAL PROGRESS AS REPORTED BY NATIONAL NEGRO BUSINESS LEAGUE.

M. B. Morton, Athens, Ga., has had built at a cost of $50,000 an opera house for the city. Its appointments and furnishings are said to be equal to any establishment of the kind in the country, costing the same amount of money.

* * *

John Franklin of Lynchburg, Va., recently bought a valuable piece of property, corner of Fifth and Jackson streets, for $11,025. A hotel is to be erected on the site.

* * *

H. L. Jackson, Blackstone, Va., is reputed to be worth between $40,000 and $50,000. Besides one or two good farms, he also owns two large store buildings located in the business district of the town. He rents one to a white man, who conducts a furniture business therein; in the second store Mr. Jackson himself manages a general merchandise trade whose capital in stock is valued at $20,000.

In connection with the other business he also carries a good stock of text-books and stationery. In fact, he furnishes all the text-books for the pupils in both the white and colored schools of the town.

* * *

In Gordonville, Va., A. G. Gordon owns a broom factory which he planted seventeen years ago, having but one employe, and that was himself. Today there are six persons working in that establishment—all members of the Gordon family. The daily output, with handpower is ten dozen brooms. He finds a market for his brooms in Richmond, Alexandria and Orange, where he sells to white jobbers. He is so overrun with orders that he is now preparing to install machinery to be operated by electric power, so as to be able to meet the demands for his brooms, which have the reputation of being of a superior quality and make.

By the aid of machinery he will then be in a position to turn out daily fifty dozen, instead of ten dozen brooms.

* * *

Walter Sedwick is the proprietor of the only livery business in Clarksburg, W. Va. He has been engaged in it for over twenty-five years. He owns about eighteen head of stock, and vehicles of all sorts and styles. He also boards about twenty horses belonging to other persons. His receipts are over $450 a month.

* * *

The Imperial Hotel, 444 Raleigh street, Bluefield, W. Va., is one of the finest hostelries owned and managed by any member of the race in the country. It is a splendid four-story brick structure, containink forty-five rooms, conveniently located in the heart of the city, the table service is clean, inviting and up-to-date, while the help is polite and accommodating—a very desirable and long-felt want to be filled by those who seek to cater in this line to the best element of colored patronage.

The manager of this hotel is Mr. James T. Holley, who took charge of it six months ago. He understands the business thoroughly, as he was formerly for years the owner of a first-class cafe (exclusively for whites) in Matoaka, W. Va.

The building is the property of Messrs. D. C. Johnson, W. H. Pettis, Adams and a fourth party, who paid $30,000 for it. Its present value is about $40,000.

The combined wealth of these four men is in the neighborhood of $100,000. They control a large merchandise business at Pocahontas, Va., D. C. Johnson, general manager.

* * *

Keystone, W. Va., has a population of only 3,000 souls, but life here is about as varied and strenuous as in New York City and Cripple Creek combined.

The Negro in business is keeping pace with the white man, as a competitor, in every sort of trade activity, furthermore, he more than holds his own.

In the professional and official pursuits he is also successfully "paddling his own canoe." There are three or four physicians, four or five lawyers, quite a number of magistrates and policemen (all colored), one church, having a visit occasionally from a minister from elsewhere; two members of the city council, while the only newspaper published in the place is the McDowell Times, a colored journal, set up by both white and colored compositors, and edited by M. T. Whittico, an influential factor in the community.

The wealthiest colored man here is A. L. Calhoun, who is a thoroughgoing business man. He is estimated to be worth anywhere from $150,000 to $200,000. He is one of the two colored members of the city council; the other member is Dr. G. N. Marshall.

While there are many and varied kinds of business enterprises conducted by the Negro here, the Keystone Supply Company, consisting of dry goods, notions, shoes, hats, gents' furnishings and groceries, is the largest.

The firm is composed of A. L. Calhoun, president; Sherman Finney, vice-president; Dr. G. N. Marshall, secretary and treasurer, and J. M. Lamkin, manager. It was organized in November, 1907, with a capital of $2,500. The value of the present stock is $25,000. The business transacted annually amounts to $36,000. They employ five clerks regularly and four extra.

The commercial rating of members of this firm in Bradstreet's Directory is $290,000.

MR. BUSH OF LITTLE ROCK APPOINTED TO U. S. OFFICE.

Among the prominent colored men of the South is J. E. Bush of Little Rock, Ark. For years he has proved a valued member of his community, winning the good opinions of either race. He is essentially a race builder, and one will find him connected with the greater movements with race building in view, such as the National Negro Business League, the Mosaic Templars, the latter organization being a fraternal-insurance concern, which has been the means of great good. Mr. Bush is at the head of this splendid organization.

MR. J. E. BUSH.

Politically, Mr. Bush is well considered. This will be better understood when it is known that for the fourth time he has been appointed Receiver of the United States Land Office at Little Rock, Ark., the last time being at the hands of President Taft, May 10.

His nomination has been confirmed by the Senate. The fact that he has been continually favored by his party is indicative of his worth.

LOUISVILLE, KY.

Special to THE FREEMAN.

The National Association of Women's Clubs will convene for a week's session in this city beginning July 10. The organization meets biennially and has for its object the general uplift and salvation of colored women. Some of the most prominent and learned women of the race from all parts of the country will be in attendance. Numerous questions pertaining to the amelioration of the condition of the race will be discussed and some very able papers read. During the convention a daily bulletin will be published reporting the proceedings. Subscriptions and advertisements for the Bulletin are beingg solicited.

An enthusiastic meeting of the City Federation was recently held at the Y. M. C. A. building and the reports of various clubs showed that their respective committees are hard at work to make the "meet" a grand success. The prospects for an unusually successful session and hospitable entertainment of the visitors are encouraging. The gathering will bring over a thousand colored club women to the city. The mayor will make the welcoming address, according to the report of Mrs. Nannie Stewart, who sent Dr. Sol Stone to make the request.

Miss Mildred Bryant, supervisor of music in the Louisville Public Schools, presented to the public the best musical talent in our High School in a superb rendition of Coleridge Taylor's "Hiawatha's Wedding Feast." The production was both an artistic and financial success. Society was out in its choicest gowns. Miss Bryant deserves the highest praise for her training of the young voices to blend in such perfect harmony. She is a graduate of the New England Conservatory of Music and of the Northwestern Musical Conservatory, and it is the consensus of opinion among capable judges of such matters that she is fully equal to the high trust the school board has reposed in her t odirect and supervise the musical training of the school children.

JUST HAT LOGIC
THE DIFFERENCE between "prejudice" and "preference" is the difference between "hearsay" and "experience." Smart Dressers are prejudiced in favor of "Levinson Hats" because they hear nothing but good of them—they know nothing but good of them; they have developed a prejudice for "Levinson Hats" because they have found out by personal experience that they match any $5 style and equal any $3 quality—in fact, they believe that "None are Better." So will you after having once worn a Levinson.

SATURDAY, JUNE 11, 1910.

The weather needs encouragement, that's all.

More of the soft and dreamy right on Indiana avenue.

Just call him the Aviator, the man that does the steering or driving, it will do all right.

The sensible Negro is showing a marked disposition to "paddle his own canoe," politically.

The Second Baptist church of Kansas City has raised $400 to send its pastor to Europe. Guess that's progress.

The court has decided that the barber shop law is invalid. It had a sickly appearance from the very beginning.

The Negroes of Philadelphia again scored, knocking out the play "The Clansman," based on the known race antagonism.

It seems that the last word is yet to be said on the Brownsville problem. Let justice be done, though the heavens fall!

Editor Fortune said: "I was fully qualified," anent his arraignment of the conference. What has Bishop Gaines to say?

J. C. Napier, the well known financie, would prefer seeing his name on the United States money; it's in his line, don't you know.

The race question is developing some principles, one of which seems to be that where there is more liberty there is less occupation.

The door of opportunity is not closed. We've been laboring under a delusion or hallucination or something. We've got to do things ourselves, that's all—it's the whole story.

The New York Sun, in a recent editorial referring to "The Story of the Negro," by Booker T. Washington, said: "It will be listened to with respect in the South as well as in the North. He presents his facts and supports them by interesting examples."

The summer schools for teachers at Tuskegee, Hampton, Durham and other places of convenient access, should be well patronized. This is an age that demands expert equipment along all lines of endeavor, and only the fittest can hope to survive amid the terrible competition. Go forward, young educators, by taking advantage of the golden opportunities that these institutions are offering at a minimum of cost.

Mound Bayou is making a noise like a great big city. Such a push of energetic fellows has never assembled before on the same extent of ground. A beautiful book describing minutely the town is the latest thing. It is filled with illustrations. Men and enterprises are set forth in an attractive manner, with the vie wof winning strangers to the town. Nothing is left undone to make Mound Bayou what it should be—a first-class Negro city.

Mayor Shank has been converted from his way of thinking concerning the celebration of the Fourth. It shouldn't be felt necessary to die in order to swear to one's patriotism, his Fourth of July patriotism at any rate. Of course no one starts in for being shot to pieces on that day, but why argue the case in face of the annual report? The day in this respect, celebrated as it has been, stands convicted on circumstantial evidence before the facts—giant firecrackers, little big cannons, etc.

The assurance that Registrar W. T. Vernon is to be retained is good news. He is a remarkable man in many ways and has worked his way to the front by sheer merit and force of character. As an orator he has no superior in either race, and the administration will find him its best asset this fall, when an account of its stewardship is to be rendered to the brother in black. Dr. Vernon has always had the ardent support of The Freeman, and we hasten to congratulate him upon this new evidence of the success that has attended his high-purposed career in Washington.

If the various parties care for the Negro vote this fall, they have a wonderfully backward way of indicating it. The wise colored man is growing independent of political bosses and parties, but he has no notion of getting out of the game. He is attending to his business, making a solid foundation in the professions and trades, but he will not be slow to grasp the issues intelligently at the proper time and cast his vote for the men and measures that seem best for the country and his people. The Negro's silence on political matters is ominous. It indicates that he is thinking—as a preliminary step toward action that may surprise somebody.

President Thirkfield's letter on the Sunday school parade exclusion in Washington has had a wide circulation, and has done a mint of good in allaying the feeling among some of our folks that no white person possesses a religion that can withstand the color line. At Howard University President Thirkield's broad Christian policy has infused a new life, a loftier spirit of brotherhood and unity of purpose, and his outspoken denunciation of the disgraceful attitude of the local "Christian (?) soldiers" at the nation's capital, has been of incalculable benefit to the uplifting work that real followers of Christ are carrying so grandly on. All honor to the Thirkields of this land! They are indeed the "salt of the earth."

Our thoroughly dependable Washington correspondent shows a praiseworthy degree of poise and dignity in refusing to be drawn into petty disputes and useless controversies with the few two-by-four critics who make a practice of trying to misrepresent him on every possible occasion. They are wholly irresponsible, stand for nothing in the equation of race progress, and can attract attention only by their facility at mud-slinging and in the use of the vilest billingsgate. Busy men have no time to waste on editorial fices and cut-throat writers, who seek cheap notoriety at the expense of the good name of the faithful workers of the race. The Freeman has a habit of allowing puppies to bark on and on unnoticed, and does not begrudge them any of the satisfaction they find in so doing; and we are glad to see our valued correspondents taking the same safe and sane course.

CRUM CONSUL TO LIBERIA; APPOINTED BY PRES. TAFT

Special to The Freeman.

President Taft has nominated William D. Crum, of South Carolina, to be minister resident and consul general at Monrovia, Liberia. Crum is the Negro whose appointment by Mr. Roosevelt as collector of the port at Charleston, S. C., raised such a storm of protest in the South.

TAFT WILL NOT REMOVE REGIMENT OF NEGROES.

The President has flatly refused to accede to a demand from the citizens of Seattle, Wash., transmitted through Senator Jones, for the removal of the Twenty-fifth infontry, colored, because a soldier is accused of attacking a white woman.

The explanation of the reason which influenced President Taft in this action is contained in the following statement issued by Secretary Dickinson:

"Senator Jones, of Washington, presented to the President this morning a telegram from S. S. Steiner, chairman of a mass meeting held near Ft. Lawton, stating that a member of a Negro regiment there had committed an outrage and demanding the immediate transfer of the Twenty-fifth regiment.

"The President stated that the request could not be complied with; that if any members of the regiment had violated the law they should be apprehended and turned over to the local authorities for punishment; that necessary discipline and the interests of a community required thorough and prompt investigation.

"He added that the United States troops are to be stationed in the United States, and it was the business of the war department to see that they made as little disturbance as possible, but to remove them on unproved charges would be merely to impose them on another community and might probably arouse a protest from such community, and, that until there is a thorough investigation of the charges troops are and witnesses are present and complete proof can be taken, the removal of the troops might not only withdraw witnesses, but possibly the guilty parties, from the courts having jurisdiction over the alleged crime.

"The secretary of war sent word to the commanding officer at Ft. Lawton, directing prompt and complete investigation, confinement of oenders and detention of witnesses, if belonging to his command, and that in view of the state of feeling reported, his command should be confined strictly to the reservation pending complete investigation. An immediate report was ordered."

COCKRAN MAKES ELOQUENT PLEA FOR LIFE OF NEGRO.

Former Congressman W. Bourke Cockran turned the race prejudice argument to account the other day in eloquently pleading for the life of a penniless Negro charged with murder, whom the court had assigned him to defend. Mr. Cockran asserted that his client, Victor Nelson, had proved that his act in shooting and killing Claude Humphreys, another Negro, was one of self defense.

Mr. Cockran reminded the jurymen that all save one of them had said they had no prejudice against Negroes and that one was accepted because the defense felt that a man so honest in avowals would be fair.

"But I'm sure you all feel a prejudice against the Negroes," said Mr. Cockran. "I feel it myself.

"While you said you would treat this defendant without prejudice, and though you may try to treat this man as your peer, yet it could be hardly expected to have any jury treat a Negro as a peer.

"Then treat him as a dog," dramatically exclaimed the lawyer. "A dog that bites wantonly we kill. But a dog that bites in defense of his own master's home is a dog we protect. Give him the same shrift you would give a dog."

Assistant District Attorney McCormick summed up for tht prosecution.

News of the Sporting World

IN THE CITY OF CHICAGO.

By Cary B. Lewis.

Special to The Freeman.

CHICAGO, June 7.—"Steel Arm" Johnny Taylor, of the Chicago Giants, was the hero on last Sunday, in a game with the Nebraska Indians. He was in rare pitching form and pitch eda no-hit game. The Indian Athletics were helpless and were unable to score. The game was quite a surprise to many of the fans, to see the Giants beat the Indian champions by such a large margin. Leland's colts were in splendid form. They knew that they were going up against a bunch of men that had a great record. Taylor said, record or no record, he was going to pitch the game of his life. This he did. Not an Indian got as far as second base.

Johnny Taylor was the recipient of much applause during the game. He has quite a way of holding up his right foot, twisting his toes and sending the sphere over the plate like lightning. Petway, the steady thrower, was at home plate to hold every ball sent to him.

The Chicago Giants started off by making two scores in the first inning, one in the fourth, one in the fifth, two in the sixth and three in the seventh. All the scores were brought in by some excellent playing, a characteristic of the team, and this is what is drawing such large crowds.

Petus was the sticker of the day. He was given the blue ribbon for knocking the ball away out in the field. He made two two-base hits and a three-base hit. Wallace showed some great head work when he made the pitcher throw the ball to third, coming home like a flying machine, the catcher dropping the ball, seemingly almost dazzled.

Throughout the game the Indians showed poor judgment, the second and third basemen getting liners, but held the ball too late to throw. This on several occasions kept the bases full for the Chicago Giants, and it was an easy matter to score by an easy bunt by the semi-professionals of the City League. It was in the seventh inning that the Indians seemed to completely lose their heads, their playing lacking energy and speed.

The in and outfielding of the Giants was superb and let it not be forgotten that Taylor's pitching was a bewildering assortmeit of spitters that the Indians will never forget. He sent ten men to the bench, and we believe could have sent more.

The bleachers were crowded. The threatening weather did not have anything to do with the crowd. The grand staid was, as usual, filled with very fine looking women, with their company. Leland and Major Jackson claim that they expect to continue to have such crowds all the season, and, when the weather gets warmer, to double the attendance. The score:

Leland Giants Win—Wickwear Pitches No-Hit Game.

It was a no-hit day for colored pitchers in the city of Chicago on last Sunday. The Leland Giants had an easy match for the Athletics at Sixty-ninth and Wentworth streets. "Rube" sat on the bench, but Wickwear struck out fourteen men. The Giants fielded perfectly, nto an error being made, while only two men reached bases.

Nobody reached second base and only one ball reached second base. It was a great game for the Giants. Their record has now gone skyward. Foster and Beauregard Mosely are jubilant over their team's success. The score:

Grace Defeats Quinn Chapel.

Grace defeated Quinn Chapel team on last Saturday at Washington Park. The score was 15 to 11. Grace's team was in excellent condition and showed that they were better players. Quinn is a good team, and has been playing together for the past three years, but lately Grace has been "going some." Grace got two runs in the first inning; Harsh drew a passed ball and Mack's three-bagger started the fireworks. In the third inning, with two men on base, Harsh knocked a home run, and he is now called "Home Run Harsh," and Tobin followed with a three-bagger. Batteries—Grace: Bluitt and Johnson; Quinn: Gage, Farmer and Ward. On next Saturday Bethel and Grace will play another game at Washington Park.

BASEBALL NOTES.

The Fall City Stars of Louisville lost to the Chair Co.s of Indianapolis 5 to 3 June 5. Elwood Knox was invited to this game as special guest. Game was played in Louisville.

In a briliant game June 5 the Royal Giants of Kansas City defeated the Topeka Giants of Kansas City. Feature of the game were the pitching of Chiles and the base running of Albert Toney. Batteries—Topeka, Hary and Huggins; Royals, Hardy and Campbell.

KANSAS CITY ROYALS AND TOPEKA GIANTS PLAYED BEFORE 1,600 SUNDAY AT SHELLEY PARK.

The Kansas City Royal Giants started bad with the Topeka Giants, but finally became a puzzle in the first inning. The Topeka Giants scored one man. It seemed to startle the Royals for a moment. This innovation did not bring good result for Hardy, who seemed to have the horsehide at his mercy. He was hit hard in the fifth inning. Toney, the Royal's second baseman, was the first one to land on first from an error made by the first baseman, which made Toney safe at first. Milliner, the Royals' center fielder, was the next man up. When it comes to base running he is in Class A, hitting a two-bagger, placing Toney on third. Manager Jack Johnson was the next man up, who seemed to have the pitcher's work up his sleeves. Johnson asked the pitcher to bring it over, which he did; so did Johnson for a two-base hit, scoring Toney and Milliner. Sterman, the Royals' left fielder, was the next man up, who put the English on the horsehide for another two-base hit, scoring Johnson; a throw from center field put Sterman out at third, making three runs in the fifth inning, and two more in the eighth, leaving the score 5 to 1 in favor of the Royals. Williams, better known as Peanuts, the Royals' third baseman, who is making one of the greatest bunters in the country. The fans in Kansas City are going wild about the Kansas City Royal Giants. The Royal Giants will meet the Kansas City, Kans., team in a series of three games, Saturday and Monday, June 11 and 13, at Shelley Park, Sunday, June 12, at Riverside Park, Kansas City, Kans. This series will be the big doings, as both teams have a shut-out to their credit. The fans want to know who is who.

MISS NORA GOFF SICK.

Miss Nora Goff of Wilson and Goff team, high-class singers, dancers and acrobats, is suffering from a severe attack of muscular rheumatism. Miss Goff's illness has disabled her from work for four weeks. No telling how long she may remain in this condition. I being one of Miss Goff's closest friends, am in deep sympathy with her, and I know that her many friends also extend their heartfelt sympathy.

She is a very promising little performer of 18 years of age. It is to be hoped that Dame Fortune will allow her the good luck of a speedy recovery. Miss Goff is stopping at 1435 Bainbridge street, Philadelphia, and will be glad to hear from all friends both in and out of the profession. A very anxious friend,

MRS. DR. BLACK.

AT THE GAIETY.

"The Ten Dark Knights."

Indianapolis had the pleasure of seeing "The Ten Dark Knights" all this week at the Gaiety. The players are direct from their success in Europe and gave no little evidence of some theatrical notions picked up while abroad.

The act, however, is essentially American, having to do mostly with plantation life. It leads off with an overture in good form; action follows of a rapid-firing kind, which keeps the audience in the best of humor.

The work of Jack Smith, comedian, and W. D. Collins, singer, was very good. The bunch is good. The band productions are masterly. The audiences were highly delighted and apparently couldn't get enough of the Knights.

The play is a production of B. A. Rolfe of New York, featuring Jack Smith, the comedian, who hails from Brooklyn. The company is making its second tour of the States. It is booked for the coming season over the best time in America and Europe. The act has been highly appreciated where it has been seen, return engagements in many instances having been asked for.

The combination are artists, being able to double in brass and vocal. It is under the management of Henderson Smith of Chicago, who has had great success in America and abroad. The members of the company are: W. D. Collins, Jimmie Brown, Napoleon Johnson, Charles Alevander, Jack Smith, Alonzo Bozan, Owen Granger, J. W. Mobly, J. Robinson and Frank Harper.

RECOMMENDS WIDE BERTH.

Bad Section for Negro Players Nothing but Trouble.

Special to THE FREEMAN.

There are two colored theaters in Houston, Tex., known as the People's and Palace, respectively, owned and controlled by Mr. T. F. Loftus. The writer wishes to announce to the colored theatrical and vaudeville artist that if he wants fair and square dealings is used to such, don't think of playing this section. I want to say right here that I worked both the People's and Palace theaters twenty-two weeks and was treated all right, I must say, until I closed. To make it plain to the public, I gave the manager a week's notice on May 16, and when the 23d came they didn't have anyone to fill my place (producer and director of amusements., so the management asked me to give them another week's notice to allow it a chance to get some one, which I did. This would have made my engagement end on the 30th, so when the 30th came the manager sent for me to come to his office. I went and this is what happened:

"Henderson, you owe me $58. What do you intend to do about it? You say you are going away this evening, and I want it before you go." At which I replied: "Why, Mr. Loftus, you know it's impossible for me to owe you a cent, for if I did you would certainly have been taking it out of my salary each week, and you know that you have been paying me my full salary every Monday morning since I have been working for you." "Well," said he, "you will pay it or do not attempt to leave here."

So that evening my bunch and myself proceeded to the depot to take the evening train to Mobile, Ala., where we were booked at the Lagman's Theater. On entering the depot I was approached by two detectives with a warrant charging me with "abusive language." So I was jailed on that bogus charge and held.

The next day (Tuesday) the manager sent for all of my people to go back to work and tried to bluff them back by threats, but I succeeded in getting them to the depot and secured their transportation to Mobile without any further ceremony, as I was armed with my "lawyer's brick." At this writing I am still in Houston awaiting the court's action, and The Billy Henderson's Tennessee Troubadours are in Mobile, and making good, thanks.

Now, the question arises, Why did he not have me arrested for the money he claimed I owed him? Don't this look rotten to you Yours truly,

BILLY HENDERSON.

BIG ACTS DURING WEEK

Consul the Monk Attracts Big Crowds at Pekin Theatre.

BY CARY B. LEWIS.

Special to THE FREEMAN.

CHICAGO, Ill., June 8.—It was a great week at Mott's Theater, last week, and the people are still talking about "Consul the Monk." This eight-year-old monkey, born in South America, and with much training and patience given it as the ordinary child, brought out the largest attendance in the history of the theater. So great was the act that Manager Motts has received hundreds of requests for the return of "Consul the Great," and it may be that he will play a return engagement.

Another large crowd was present at Mott's Theater on Monday night, and witnessed a very pleasing show. The Ten Georgia Campers headed the bill. They have been seen in this city before and are great favorites. Bowen and Jones are the leaders. The costumes of the ten people are new and flashy. They sing choruses of the "Dixie Land" nature, and this is received with much applause. Brown and Jones do a soft foot dance, handsomely costumed, which proves a hit of the evening.

They close with "South Before the War" buck and wing dancing, therefore pleasing a large number of the Pekin's clientele that like this kind of stage work. The Ten Georgia Campers have "made good" and will be a strong attraction the remainder of the week, and will no doubt draw large crowds on Saturday night, Sunday matinee and Sunday night.

Last week there was the trained monkey. This week is the trained dog. Frankie La Marche, as Buster Brown, and Tige will not be forgotten. Miss La Marche does a little comedy work and she is ably assisted by Tige. Tige is a small dog, said to be worth $2,500. He was a tramp in Texas. He was trained for the stage, and on Monday night he showed that he could do grand opera, dance and sing; also put on comedy. She very cleverly imitated Lillian Russell and Chauncey Olcott. The act went very big.

Brooks and Brown, two of the old Pekin Stock Company players, was one of the features of the evening. They are favorites in Chicago, and appeared at their best. "Some of These Days," a new rag song, was one of the most catchy numbers of the evening. It was certainly appreciated, judging from the manner in which the large audience applauded. Miss Brown has the proper attitude and motions that go along with such songs, and Mr. Brooks, of the Bert Williams style of comedy, gets o some poetry that proves a scream. They dance and sing well.

The Sully Duo, comedy spring board acrobats, was an opening act that consumed fifteen minutes. High jumping and springing from a board and turning over and over are feats in their work.

The Venetian Four, a musical act, was one of the best numbers of the evening. Three violinists open with this number, followed by a Venetian scene, with a harpist playing Italian airs. Several numbers of class were given, and they closed with "Manda Lane" and other popular numbers.

The whole bill was a good one, and, to say the least, it was not a bad one to follow "Consul the Monk." The music from the orchestra was well received, also the new moving pictures.

Next week Mr. Motts has secured King and Bailey, Francis Curran, Three English Girls, J. M. Kayne and Cottrell and Hamilton. Reserved seats are on sale at the box office each day after 1 o'clock.

• • •

Avery and Heart, Ten Dark Knights, Brown and Brown are among the big attractions that will appear at the Mott's Theater later on. The acts have played on the biggest time in vaudeville and have been winners.

• • •

It is confidentially reported that Miss Lottie Grady will be at one of the houses on the stroll next Monday night. It is further stated that she will go four weeks. Quite a run. Miss Grady is a very clever actress and will "make good."

• • •

The Williams and Walker's Chocolate Drops will be at the Motts next week. These dancing and prancing dusky maidens, with King and Bailey as the leaders, are the biggest hit among colored acts in vaudeville, and will play a return engagement by popular demand.

• • •

Miss Nettie Lewis, another one of the favorites on the stroll, will go in vaudeville soon. Miss Lewis has a very captivating voice. The past week, with Wm. Abel, she has been entertaining at Mott's Inn. Chas. Pace was at the piano, and the two singers rendered very cleverly such numbers as "The Grizzly Bear," "Honey Dear" and the "Silvery Moon." Mr. Abel made a hit singing "The Man Who Owns Broadway."

• • •

Martin and Causby, Aida Melrose, the Brady Sisters and Perrin and Crosby are at the Monogram.

Henderson and Thomas signed a contract last week with Chas. F. Pope, of the N. Y. C., to play at the Casino Theater, Providence, R. I.

Manager Robert T. Motts, Ed Green and W. H. Smith are expected to go to New York to attend the annual dance of the Frogs. Messrs. Motts and Green are the two new members from Chicago, and will no doubt be present to receive their formal initiation.

• • •

Sam J. Corker, Jr., writes that the Frogs will have one of the swellest affairs in the history of the association. Mr. Corker, we learn, is on the advertising end. We can almost say positively that success awaits the Frogs. As a business showman Sammie, Jr., has them all "beat a mile."

• • •

In last week's issue of the Philadelphia Tribune an interview is given from Mrs. Aida Overton Walker. She stated that there was not much hope for her husband. It is to be regretted that the intimate friends of Mr. Walker have forsaken him in these trtying hours, yet it is consoling to know that his wife is still doing everything possible to have him regain his former power and strength. Actors hereabouts are speaking highly of the devotion to her husband and the opportunities given her by Mr. Robert Cole, of "The Red Moon" Company.

P. L. Jenkins writes from Leesville, Louisiana:

We are again in Louisiana after playing the Lone Star State. Everybody is well and fine.

Prof. McCannon has gone to Paris, Tex., for four weeks to take a much-needed rest.

Mr. Joseph S. Watts, the peerless slack wire artist, opens our concert nightly, doing the most difficult stunts ever seen on an American stage. He deserves much credit, always holding his audiences in rapt attention and drawing applause and admiration. He is assisted by his acrobatic brother, L. V. Watts.

Master Clifton Boyd, the little bending wonder, is making a specialty each week of adding two new stunts to his turn. His ideas are great and he is conceded to be the greatest contortionist of his age known to the profession. He sends regards to the Princess Satonka.

Wm. Kimbrough, character comedian and dancer, characterizing as Black Sal from Dark Alley, sends regards to the Jenningses, Henry and Elsie, and the Whitman sisters.

Mr. Norris Grigsby, posing as Bad Bill Dugan, the man with a private graveyard, is still holding his own, causing no end of merriment.

Our whole company was shocked to learn of the death of Mr. Thos. W. Downs, which occurred in Chicago, Ill., a few days since. We extend full sympathy to his family in this, their bereaved hour.

BILLY KERSAND'S MINSTRELS.

Everybody is in excellent health and business is good.

Mr. and Mrs. Kersands are scoring tremendous hits nightly, singing "Tantalizing Browns" and "Just What I Am and Who I Am." Mr. Coy Herndon, the cute kid hoop roller, is a big hit. Richard Matthews in the barrel jumping act, is quite a success also. Mr. Willie Lewis, successor to E. B. Dudley, our band leader, manages to create the same excitement with a big band daily. The members of the band are well pleased with him.

Mr. Dick Thomas is extreme end to Mr. James Crosby and keeps him busy. But, however, the tall talker, Mr. James Crosby, is with 'em. And singing! Two of the biggest hits of the season, namely: "Tie Your Little Bull Outside" and "Keep Your Foot on the Soft Pedal."

THE SATISFIED MUSICAL ENTERPRISE OF BUFFALO BILL'S WILD WEST AND PAWNEE BILL'S GREAT FAR EAST.

The company is playing to crowded houses and giving satisfaction to all who attend our show, especially in the big arena.

Little Catharine Patterson is without an equal singing "Spanee Babe." While in Pittsburg she created a sensation such as has never been done before by a young soubrette. Clarence Rucker is making a decided hit everywhere. Harrison (Baby) Blackburn is still holding them down as Uncle Remus. I. S. Salard, our sensational trap drummer, is still creating a sensation.

Billy Moore, the coming young comedian, is still having his part of the bum, playing Little Willie.

Look out for our special theatrical edition.

THE MACEO THEATER, CHARLESTON, S. C.

Chintz Moore writes:

Last week we played the Judge for just one day and were easily given up to be the best show in town. Chintz Moore in the leading comedy role, ably assisted by Mrs. Gertrude McDaniels, Miss Rosie Rendles, who is fast becoming a footlight favorite; Julius Foxworthy, the kid comedian, who is as good as any; Philip Austin, alias Buster, and Tom Scott are another good team. This means fun any time these two clever comedians appear from behind the wings. They are the leading funmakers in this little playhouse. Isaiah Grant, the pretty fellow, who is blessed with a good baritone voice is still holding his own. Last, but not least is our little three-piece orchestra under the personal direction of Kid Alston, Piano Jimmie, alias Slab. Ward Andrews, alias Dope, trombine.

The Moores, Chintz and Ella, are the most popular team of the city, both on and off the stage. Chintz Moore is amusement director, assisted by his wife Ella.

TROCADERO—PHILADELPHIA.

Special to THE FREEMAN.

I am now amusement director of a white stock company playing at the Trocadero Theater for the summer—the "Algazar Beauties."

I also wish to state that Henderson of the team of Henderson and Thomas, colored comedians, has taken one of the songs that I use in my act called "Down in Alabam" and sold it to the Bruces. Now, what I wish to say is that I wrote the following songs for my act, "Diwn in Alabam": "Georgiana Green," "I Wonder What's the Matter with Me," and "There's Nothing Like a Minstrel Band." I haven't published them, but I have them copyrighted. I don't wish to give Henderson any trouble, as he is a brother of mine, A. C. V. B. A., but I would advise him to send the Bruces their money back and not to use the song again unless I give him permission.

Hoping that you will publish this letter, and thanking you in advance, I remain,

Yours truly,
FRANK MONTGOMERY,
Trocadero Theater.
Philadelphia, Pa.

HOUSTON, TEX.

Special to THE FREEMAN.

The one and only original Ed T. Peat opened at the People's Theater and was a great hit. He took six encores in his specialty alone. Why, Mr. Peat is the cleverest young colored comedian that ever worked before the footlights in Houston, Tex. He is funny from the opening of the show till it closes. His original monologue and comical dizzie Izzie buck and wing dancing is a scream. He is singing this week "Come After Breakfast, Bring Along Your Lunch and Leave Before Supper Time."

We have some of the strongest this week on the bill. They are as follows: Virginia Crawford, the Tansels, Frank and Aggie; the Lewis Sisters and Little Baby Clio; also Andy Rucks, Dave Lislon, Lilly Brown and Mamie Fritze. Mr. Skid Love is our piano player, and Mr. George Williams is our crack trap drummer. Our old reliable friend, Charlie Bural, is around sometimes as doorkeeper.

Ed T. Peats sends his best regards to Jim Owsley, Sam Davis, Chintz Moore and wife, Jean Liggian, Arthur L. Prince and other friends in and out of the profession. He sends love to his little wife, Mrs. Bessie Peat. Would like to hear from good people all of the time. Can place them.

Send mail to Ed T. Peat, 211 Milam street, People's Theater, Houston, Tex.

TUSKEGEE'S MODEL FARM.

Truck Gardening at Its Best Under Best Supervision.

Perhaps one of the most interesting departments to the many visitors who are so often honoring us with their presence is the truck garden. This department is situated in the southwestern part of the school, next to the little village known as Greenwood.

Before going into details it might be interesting to the reader to note that the first industry which was started at the school was farming. It was started on a small scale in the year 1883, on the land on which Phelps Hall, Huntington Hall and the canning factory now stand. The farm at that time consisted of about forty acres, raising only such things that might be used at the school. The brickyard was also included in this limited number of acres. To-day the farm consists of 2,400 acres, divided about as follows: 100 acres devoted to the orchard and small fruits, 963 acres devoted to general farming, 795 acres devoted to woodland and other purposes, and 80 acres used as a truck garden, which supplies both the town and school with vegetables.

A great deal, if not all, of the credit for the present condition of the truck garden is due to Mr. C. W. Greene, who is now in charge of the division. Mr. Greene came to Tuskegee immediately after his graduation from the Hampton Normal and Agricultural Institution. After having been an instructor on the farm one or two years, he was then placed in the position of director of the agricultural department, the position now held by Mr. Geo. W. Bridgeforth. After having been in this position for four or five years, where he served in a most creditable manner, it was then, or soon afterwards, that the school decided that a good practical man was needed to take charge of what is now known as the truck garden, one of the most important divisions of the school. After looking around for quite a while for a good, substantial man, and being unable to find just the one wanted, it was unanimously decided that no better man could be found than Mr. Greene. He was then placed in this position, where he has remained ever since.

As it has been already stated, the truck garden consists of 80 acres. The texture of the soil, for the most part, is a sandy loam, rolling and undulating. Where fertilized it will produce three to four crops each year, as many different vegetables of the common kind handled in this climate are grown here each year.

Many of the Fracica family, such as rutabagas, collards and rape, thrive very well in this climate. It might be well to state in this connection that the truck garden disposed of, this past year, 90,457 pounds of greens, 340 dozen bunches lettuce, 2,000 dozen bunches of onions, 2,577 dozen bunches of rutabagas and turnips, 2,740 dozen ears of green corn, 2,676 melons and cantaloupes, 400 bushels of white potatoes and 700 dozen egg plants. One can now readily see the advantage and necessity of having such a man as Mr. Greene in charge of such an important positicn.

This division runs daily three wagons, one carrying vegetables to the dining hall and the others to the city and vicinity of the school. The writer was told that these wagons leave the truck garden between [illegible]:30 and 5:30 in the morning.

There are at present thirty energetic young men in this division, touching every phase of the work. A student succeeding well may finish the course in two years. There are about eight young men who will receive their certificates, with diplomas, this year. It is very pleasing to note that the greater proportion of the young men who finish from this department have continued working at their trade.

Mention might be made of one or two who are doing exceptionally good work. For instance, Mr. Shanklin, who received both his diploma and certificate, is now located near Beauford, S. C. Too much praise cannot be given Mr. Shanklin for the wonderful success he has made since his graduation. Mr. Jinkins also is doing excellent work trucking for the Vorshees School, in South Carolina. Mr. E. T. Ashford, an undergraduate, who received his certificate, is doing a very good work near Mobile, Ala. Mr. Wallace Hayes is also doing an excellent work in trucking for the Snow Hill Normal and Industrial Institute, and last, but by no means least, Mr. M. V. Chambless, at the Southern Improvement Compana, located in this county, whose work speaks for itself.

The wise trucker who is seeking a suitable place to start his truck farm, finds a fertile spot near some thrifty city upon which to locate. He is aware that his success depends almost wholly upon the number of people he supplies with vegetables. He also situates his business near some important corner or railway line in order that shipments may be made and truck supplies received just as cheaply as possible.

Having established truck garden and planted many kinds of vegetables, he then purchases one or two neatly built vegetable wagons. These wagons are sent out each day almost before the sun rises into different sections of the city. The city people always prefer buying vegetables fresh from the wagons. The vegetables sold by the groceries are generally stale.

The wise trucker also knows that neatness plays a great part in the sale of his vegetables. He never sends out his wagons until the things on them are neatly arranged. There is something about a well-arranged wagon that increases the customer's appetite.

Only the truckers who pay the proper regard to small things succeed. "The longest mountain is but a combination of atoms." E. DAVIDSON WASHINGTON.

AGRICULTURAL AND MECHANICAL COLLEGE, NORMAL, ALA.

The announcement that members of the McCormick family had given $17,000 for additional buildings at the Agricultural and Mechanical College was the principal feature of the first commencement exercises under the administration of President Walter S. Buchanan, who succeeded the late President William H. Councill, the founder of the institution. The gifts come from Mrs. N. F. McCormick, $12,000, for a new domestic science building, and from Miss Virginia McCormick, $5,000, for a new hospital. All of the commencement exercises have been of a very high order. The baccalaureate sermon was preached by Rev. S. E. Wasson, D. D., Huntsville, Ala., pastor of the First Methodist Episcopal Church South, and the annual address was delivered by Dr. R. C. Judkins, D. D., of Montgomery, Ala.

The graduating class this year numbered 28 from the normal department. From this department Tennessee again carried off the honors, the valedictorian being S. F. Harris, from Bolivar, Tenn., and the salutatorian Miss Maggie Maddux, of Nashville.

The Alumni Association took steps to raise funds for a suitable memorial to the late President Councill, and denoted Prof. H. Hopkins, of the normal department, as the executive secretary of the memorial fund. President Buchanan has done a good work this year, and is again placing the institution in that position it once occupied under Prof. Councill.

The graduating class this year was a representative one, being made up of young people from six States in the Union, and from British Guiana, South America.

J. J. Turner and Son.

James Julius Turner, now of Kingston, amaica, was formerly of Indianapolis; later of Providence, R. I. Mr. Turner left this city quite a number of years ago. He will be remembered for his dignified bearing and his disposition to get on in the world.

On going to Providence Mr. Turner became interested in real estate, made successful deals, finally amassing a comfortable sum of money. Having somewhat of a romantic disposition, he concluded to try one of the islands of our southern seas for residence; he selected Kingston in the beautiful island of Jamaica, where he has since made his home.

He married a Kingston lady, whom he recently lost by death. He is comforted by his little son, James Julius Turner Jr.

JAMES JULIUS TURNER, JR.

LOGANSPORT, IND.

Special to THE FREEMAN.

A parlor musical, entitled "Why Uncle John Never Married," was given at the home of Mrs. A. J. Allen, a large and enthusiastic audience witnessing the production. The musical was given for the benefit of the A. M. E. Church. Cast of characters: W. Cook, Uncle John; Doris (violinist), Claudina Parker; Marie (Chicago girl), Esther Jones; Sadie (athletic girl), Dora Gilmore; Grace (actress), Celia Parker; May (Goddess of Liberty), Floretta Turner; Annetta (Mexican), May Embrey; Gypsy (La La), Lady Luckett; Jay (Chrysanthemum), Pet Gilmore; Elsie, Leola Malone, and Angel, Hazel Berry. Miss Claudina Parker was accompanied on the piano by her sister, Ida Parker. Leonard Harris sang a solo, accompanied by Leo Winslow, the former having composed the words and the latter the music for the selection....The W. S. Banking Club met with Miss Amanda Stewart last week....We are proud to have noted the success of Leo Winslow, who, barely in his twenties, has done some noteworthy things in art. As staff artist for The Tattler, High School Annual, last year, his work was the feature of that publication. He won an honorable mention from the art department of Scribner's Magazine while yet in school. His latest achievement is the Mural decoration of E. A. Rutenber's residence, considered one of the best of its kind in the State. The dining room frieze is composed of wild game, fowl (duck, quail, pheasants and grouse), all on the wing, each wall containing a different composition, yet forming a harmonious part of the whole. The living room is treated in quite a different style, each frieze representing a season, having sheep as the main feature in each. The reception hall decoration consists of a sylvan frieze. The spirit of the music hall is very appropriately emphasized by the grand panel (5 feet by 15 feet) representing Orpheus, the fabled god of Music, playing to a shepherd, and a group of nymphs, as timid and shy as the deer, which are coming over the hill, and forced to pause and listen to the golden melody. Leo is planning a trip to the old country next spring. We wish him success....Mrs. A J. Allen and Mrs. G. C. King gave a reception in honor of Miss Mabel Malone and Ida Parker, the colored graduates for 1910. It was a delightful affair. A three-course repast was served. In Ida Parker we have one of the star graduates of the senior class. Ever since her arrival in L. H. S. she has shown the faculty she can "produce the goods" and knows what she is talking about. Even that perplexing language, Latin, has failed to produce an effect on her, and it is a treat to hear her recite line after line without hesitation. Ida will make her mark in the world as a teacher of this language. Mabel Malone hails from the South Side, but that never prevented her from saying "amo, amas, amat," or squaring the quantity (axb). After finishing her course Mabel goes to teach, and she carries with her the best wishes of the class. —From "The Tattler."....John Parker, a junior member of the high school, is our colored representative in the athletic field. He was an able left tackle in the L. H. S. team, which was not scored against this year. He received his "L" with honorable mention....Miss Imogene Chambers, of Columbus, O., is the guest of Miss Ida Parker....A successful entertainment was given at the A. M. E. Church Thursday night....Several Logansport people attended the dedication of the church in Kokomo.

The fourteenth annual commencement exercises of the Western High School were held Friday evening, May 27, at Fourth Baptist church. In the Field of Sport.

BY HAROLD C. McGATH.

JACK JOHNSON BROUGHT DOWN TO DATE.

At any rate, there will be a fight, according to the authorities at San Francisco, a permit for a forty-five-round go having been issued. This happy piece of information has acted somewhat as an oil on the waters, yet it is said all is not as serene as might be, that is, in Johnson's camp.

Says information, speaking of Johnson, there isn't a man connected with the establishment who hasn't a grouch. The kill joy is a great big 90-horsepower racing car, in which Johnson has been doing considerable "training."

* * *

George Little, Johnson's manager, is sore because Johnson insists on keeping his automobile around. Mr. Little declares he will put the thing out of business if Johnson dont quit riding about in it. He says: "I don't mind him driving his small car, for there is little danger that he will get hurt. But this big car is a constant menace. Why, it would break a man's arm to crank the blamed machine if it bobbled."

* * *

The management is looking after all the big men it can get to spar with Johnson. The champion will be delighted to meet Corbett, whom it is thought he will meet in one of his exhibitions.

The fact that Johnson so eagerly expressed a desire to meet Corbett started a war of words between the fistic giants.

Corbett started the row by declaring Jeff would beat Johnson inside of fifteen rounds, "because the Negro is flatfooted, doesn't know how to fight and has a yellow streak."

Johnson replied that Corbett was a coward. Corbett replied by offering to bet $5,000 (real money) that he would go over to Johnson's training camp and put on the gloves with the Negro. Little's statement is the latest word.

* * *

It is a foregone conclusion that Tex Rickard will referee the Johnson-Jeffries fight. "I am not a makeshift, to be withdrawn when the fighters agree," he said. "I shall referee. There are no 'ifs' or 'ands'. I conferred with Jeff and Johnson before I accepted the proposition to referee. Jeff said it would be unfair if I withdrew, and Johnson said I would be satisfactory to him. You can therefore take it from me that Tex Rickard will be the third man in the ring on July 4."

* * *

Former Lightweight Champion Nelson says that if everything is up and up, Jack Johnson will win. Nelson, however, does not think very much of Billy Nolan, who is a manager in the Johnson camp. Nelson says that Nolan managed for him and that he knows what he is talking about. Johnson is not dismayed; he knows pretty much what to do himself. Managers are more or less ornamental for him.

* * *

Governor Gillett of California created a little scare the other day, or rather, a report said to have come from the Governor, created a little scare, which alleged that the forthcoming fight was a mighty frame-up. Johnson says there's nothing to it, and that if the rumor can be proven true he will give his end of the money to charity.

The general managers think that the Governor has been misquoted. They say it will be necessary for them to have a verification of the Governor's alleged interview before they will bother about saying anything in the way of a reply.

Jim Jeffries said:

"I hardly think that Governor Gillett talked that way. If he did, however, I want to say this much for myself. All my interest in the financial end of this contest will be willingly turned over to any charity if it can be shown that I am a party to any conspiracy formed for the purpose of hoodwinking or victimizing the public. Moreover, I would not go into any contest if I had reason to believe that my opponent or any one connected with it contemplated jobbery. I have watched this thing pretty closely and I do not believe that the Johnson side of it has any idea of faking. It seems to me there is not a thing in the connection which warrants the suspicion that it is not to be a fair, stand-up match."

* * *

The Governor has since denied the report that the fight was a fake. He said, however, that he was heartily sick of the whole mess, and declines to submit to any more interviews on the fight, as he says they are distorted and he is made to say things he did not utter.

He wishes the fight might have been held in some other State, since it has attracted so much unfavorable comment and caused him to be pursued by reporters at every city during his Eastern trip. As far as venturing an opinion on the outcome or as to the honesty and square-dealing in the affair, he will say nothing. He said that personal views he expressed on prize fighting in general were distorted so as to make him say the Jeffries-Johnson match was crooked from the beginning.

JOHNSON TALKS OF HIMSELF.

Jack says that he was started too early for the 4th of July go. Says he: "You see, when I was East I was nice ardnuond and fought O'Brien way up near 230 pounds. I took on Kauffman here a bit later and hit the beam at 222 pounds, I think it was,, and when I fought Ketchell I went way down the scale to 196 pounds. I was too fine altogether for that go. I felt good and all that, I'll admit, but was not what I call exactly right. Here I am today at 216 and have a month yet."

BASEBALL NOTES.

The Minneapolis baseball team is stationed at 236 E. Commerce street, San Antonio, Tex., for the summer. Opened with Ft. Worth team May 28; won three out of four games. Will play Houstons June 4, 5, 6, 7, and Dallas team June 11, 12, 13, 14. Write Col. Edward F. Mitchell, above address.

The Kloethe Reds of Hot Springs, Ark., while celebrating the victory of the last series by a reception, met with a serious loss, Pitcher Sims being shot in an altercation arising concerning the management of the club. Weaver, the temporary manager, and Sims, better known as Blipp, were the principals in the tragedy. Weaver received a serious cut. Sims was shot and fatally wounded. He has since died.

TEX RICKARD, REFEREE.

"I'll referee the fight unless there's a flood, and that goes. No one is going to chase me out of this job unless it's with a Gatling gun, and I'll be there with an iron myself if it comes to that. They decided upon me and I am going through with it. All this talk about Eddie Smith and Eddie Graney is the bull-durham. Don't fall for that for a second. Texas Rickard will referee that fight and do the job up to the queen's taste. Neither man will be favored by me. The moving pictures will show that. I'll not touch one any more than the other, and I'll only put my hands on them when it's absolutely necessary. Just tell them East to bet what they want."

JEANETTE NEARLY DEFEATED.

Jim Smith Surprises Light Heavyweight in New York Fight.

Joe Peanette, the light heavyweight, fresh from honors in Paris and with ambitions to become the heavyweight champion, had to let out all he knew recently to earn as much as a draw from Jim Smith, a newcomer, in a ten-round bout at the National Sporting Club.

Jeanette was heavier and stronger than Smith, but the latter was so clever and fast that Jeanette had to extend himself to the limit to save a defeat. There were no knockdowns and both men were strong at the finish.

O'ROURKE TALKS.

Has Faith in Jeff—Thinks He Will Win with Proper Handling.

Few men know more about fitting a man for a prize-ring battle than Tom O'Rourke. For many years he handled the best men in almost every class of fighters, including such champions as George Dixon and Joe Walcott. As an expert in such matters he must be classed with the best. Consequently his opinion on the coming Jeffries-Johnson fight is worthy of consideration.

O'Rourke is very decided in his claim that Jeffries will win if he is sent into the ring in the condition he believes can be attained by proper and intelligent training. He says:

"I shall have to put many provisions in my opinion regarding Jeffries. I think he will win and would have no doubt of it, providing he has some good man training him like Bill Delaney. At the present time he has a fighter and a wrestler with him who know less than he does himself about putting a man in shape for a long battle, which this is likely to be. Should he go stale in his training Johnson will beat him sure.

"If Jeffries gets a good man with him—one of the Delaney experience—who can tell his condition any hour and who will keep him from running off in his work, I have no doubt Jeffries will win. I think it will be a long fight and may go the limit. I feel sure that Jeffries can get in condition if properly handled. He is in the prime of life and has never dissipated to any extent.

"Johnson is a very clever man and has the principle of fighting down to a science. He fights as a man is taught and should fight. He will be a hard man to knock out. He lacks in aggressiveness, which is not a fault. As to his gameness I can say nothing, never having seen an example of it. If he is game he will be hard to beat."

To get somewhat of a line on the probable gate receipts of the Jeffries-Johnson fight O'Rourke was asked the amount of the largest gate receipts of any fight of which he had heard. He took a notebook from his pocket and, opening it, pointed to a page on which was written: "Jeffries-Sharkey, Nov. 3, 1900, $67,764."

"That was the biggest gate for any fight ever held in this country," said O'Rourke, "and the amount would have been much larger had the weather been favorable. The advance sale was $65,000, and there were not 200 persons on the bleachers owing to the bad night and the poor traveling accommodations to Coney Island. I firmly believe that with all things favorable there would have been $120,000 taken in that night."

Judging from these figures it is almost a sure thing that a phenomenal gate will be the result of the coming fight, as a much larger arena will be erected than that at Coney Island, and there is little question that the prices for seats will be doubled. It is the prospect of such an enormous sum being forthcoming that is causing all the trouble between the promoters and influential politicians as to the location of the arena, which may not be settled for some time.

KANSAS CITY ROYAL GIANTS AND KANSAS CITY (KAS.) GIANTS TAKE ONE GAME EACH.

Special to THE FREEMAN.

The Kansas City Royal Giants and the Kansas City (Kas.) Giants opened fire on each other last Sunday at Shelly Park, in Kansas City, Mo., before a record-breaking crowd. There were little ones and big ones, some were sitting and some were standing, in every available spot, and the echoes from the cheers of every star play can only be equaled and not excelled.

The game itself was a hummer from the word go to the finish. But for the misfortune of Messrs. Buckly and Lee, who did the twirling for the Royals, in misdirecting their throws to Meckling, who occupied the initial sack, the well-behaved crowd might have brought their lunch and made themselves at home, while the two clubs might have been prevented from their strenuous battle only by darkness. It seemed that Mr. Buckly thought that Meckling had grown about three feet taller, and when Moss hit a big bound to him he heaved what should have been an easy out up against the right field fence. Moss went to second and scored before the inning was over. It was in the sixth inning after Mr. Lee had relieved Buckley that he became somewhat unbalanced and after picking up an easy one, threw wild to first. This allowed another run. Again, in the eighth, with one gone, Lee made another bad peg; this time to the second bag, allowing Kansas their third run. The one Bill Lindsay was dishing them up to the plate somewhat above the average for the Kansas boys. It was a good hot day and it seemed that "Wild Bill" turned on more steam in the ninth session, consequently the nine large goose eggs were all the Royals could claim that really belonged to them.

Monday it was different. The Royals, beaten the day before, but not disgraced nor discouraged, under the leadership of Capt. Jack Johnson, they went into the game at Riverside Park, Kansas City, Kas., with all of the determination, vim and aggressiveness in the world. Deacon Taylor was on the mound for Kansas, while the Royals used "Happy" Sparks, who, by the way, had the Kansas boys at his mercy throughout. At the end of the ninth the score stood 5 to 0 in favor of the Kansas City Royals.

Special to THE FREEMAN.

$3.50 RECIPE CURES WEAK MEN---FREE

BE STRONG AND VIGOROUS.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope to any man who will write me for it.

This prescription comes from a physician who has made a special study of men and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow man to send them a copy in confidence, so that any man anywhere who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what I believe is the quickest-acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 3831 Luck Building, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain ordinary envelope free of charge. A great many doctors would charge $3.00 to $5.00 for merely writing out a prescription like this—but I send it entirely free.

W. D. COLLINS IN THE CITY.

W. D. Collins, well known in this city, is now a member of the "Ten Dark Knights" Theatrical Company. The players were at the Gaiety Theater all this week, where they gave creditable performances.

Mr. Collins is the well-known basso, who for years was the conductor of choral clubs, singing societies, choruses and choirs. In justice to him, he was the best in the line that the city has produced up until this time. He is a thorough vocal musician and a fine basso. His voice is one of finish and melody, and would be a welcome addition to any singing body.

The company has been abroad, in England, Scotland, Ireland, Wales and on the mainland of Europe. Mr. Collins is also a student, consequently took advantage of his travels, visiting the various places of interest, the old cathedrals and so forth, that the old world so abundantly affords.

Mr. Collins met his affinity while abroad—tied up with her. So there's a Mrs. W. D. Collins in Europe, an English girl, who will join him in America in the near future.

Mr. Collins was for a while a member of the Pekin Theater Stock Company of Chicago, after which he joined his present company, where he has been ever since. His company is under the management of Mr. Henderson, the well-known cornetist, who has been ill for some time in Chicago, during which time Mr. Collins has managed with equal success. He is at present manager.

A WOMAN'S JUST PRIDE IS HER HAIR.

To straighten out that kinky, curly hair, putting it in the most perfect condition to be combed into any shape, just try a bottle of **LINCOLN HAIR POMADE.** There is no other preparation on earth to equal **LINCOLN HAIR POMADE** in producing soft, beautiful hair. Lincoln Hair Pomade is a natural hair cleanser—a natural promoter of growth and naturally reduces the hair to a straight and combable condition; but also supplies the hair with a silky sheen and gloss. No matter how rough or heavy your hair is now, no matter how hard or curly it may be, the use of Lincoln Hair Pomade will give you hair that can well be the envy of others. Lincoln Hair Pomade is the only highly recommended preparation for this purpose on the market.

It is Lincoln Hair Pomade you want, so refuse weak and inferior substitutes. Do not take anything that is claimed to be just as good, but insist on getting the genuine.
